

GunflintGreenUp.com

Green Up is that special time on the Gunflint Trail when spring is beginning to burst forth, the lake ice is going out, the last of our snow is disappearing, birds are migrating back for the summer, hibernating critters are emerging from their winter homes, moose calves are being born, and buds are opening on trees and shrubs. It is a time of great promise.

Please join the Gunflint Trail community for the third annual celebration of forest renewal after the Ham Lake Fire.

MAY 7-8, 2010
ON THE GUNFLINT TRAIL

Gunflint Green Up 2010 is tree release time! The woody vegetation growing around the little pine trees planted in the past two years needs to be clipped away, allowing the sunshine in and removing the competing foliage. Head up to the Gunflint Trail National Scenic Byway for a festive weekend of walks and talks, tree releasing, plus a dinner and dance celebration.

May 7, 2010

- Walks & Talks
- Welcome Picnic with live music
- Boreal owl researcher Bill Lane presents "Owl in a Night's Work"

May 8, 2010

- Tree Releasing
- Box Lunch
- Thank You Dinner
- Dance to the Trail's End Band

The 2008 Gunflint Green Up was awarded The Explore Minnesota Tourism Sustainable Tourism Award & The USDA Forest Service Eastern Region Honor Award Connecting Citizens to the Land

Cost is \$45/person; \$100/family. Register online by April 30, 2010. Info online and at 1-800-338-6932.

Presented by The Gunflint Trail Scenic Byway, Cook County Events & Visitors Bureau and the U.S. Forest Service.
